- Audit agreed procedures
- Special reports and certifications for external entities and/or BCRA
- Audits for specific purposes.

Learn about our practice

We have the size, depth and global reach to serve dynamic organizations around the world. Our teams can provide warranty services that deliver real value and boost investor confidence.

We coordinate, cooperate and communicate on the basis of our global strategy and local dynamism, ultimately leading to greater coherence and better quality of our services.

How we make a difference

Audit methodology and technology

At Grant Thornton we use a single audit methodology across our global network. We apply it through an integrated set of software tools known as the Voyager suite.

Professional standards and training

Our IFRS advisors can help you navigate the complexity of the standards so our clients can invest their time and efforts on their business.

Prevention of money laundering and terrorist financing

At Grant Thornton we provide advice to our clients in the development of an Asset Laundering and Terrorist Financing Prevention strategy that allows them to prevent risks in a comprehensive manner.

External audit

We offer services of external audit of financial statements, assurance reports, procedures and certifications, due-diligence and company take-overs.

We are Grant Thornton

Grant Thornton is a leading consultancy firm contributing to clients' development and innovation. Our brand is acknowledged around the world as one of the main global accounting organizations recognized by capital markets, regulators and global entities that set international standards. We are in constant evolution and development in alignment with our clients.

Global reach and agility

As a **\$8,5 billion** global organization, with member firms employing more than **80.000 people** in more than **150 markets**, we have the reach to meet our clients' many needs, with the **insight and agility** to always be one step ahead.

Private companies, publicly traded companies and public sector clients come to us for our **know-how and capabilities** across industries and markets.

We are well known due to our **special work methodology**. Our partners and teams invest the time to fully understand each business, providing a real perspective that allows the progress of each project, whether **nationally or internationally**.

Reason and instinct

At Grant Thornton, we use the concepts "reason and instinct" to express our **culture and approach**.

We combine **technical excellence and rigor with intuitive judgment and insight**. We believe that this combination results in better relationships, a deeper understanding of our clients' needs and allows us to offer them better advice.

Every day **we make a difference** for our clients and allies. We truly care about helping them achieve their goals and prosper.

We are the fastest-growing international professional services network with technology powered by AI, grounded in human insight, and shaping better futures for our people, our clients, and our communities.

Our impact

At Grant Thornton we are passionately committed to **making a positive impact** in the communities we belong to.

Alongside our collaborators, clients and strategic partners, we build relationships that strengthen our company and allow us to **make informed and responsible decisions implementing the best solutions**.

Aligned with Grant Thornton Int., we participate in activities that promote:

- **Health care:** we collaborate with important prevention and education activities
- **Assistance** to communities and individuals to grow, develop and unlock their potential
- **Collaboration** with social organizations and NGOs to support people in vulnerable situations

One of the common threads running through all of our impact initiatives is **helping young people fulfill their potential through education**.
